With kids. With dogs. With friends. Or as a couple with lots of room for luggage:
the **MAXIA 595 KML** is as multifaceted as life itself. The multifunctional children's bed
area can be used more than nine different ways – from an area for sleeping and playing
to a practical storage space or a spot for four-legged friends.

NEW
CHILDREN'S
BED LAYOUT

SIMPLE, FLEXIBLE, MULTIFUNCTIONAL

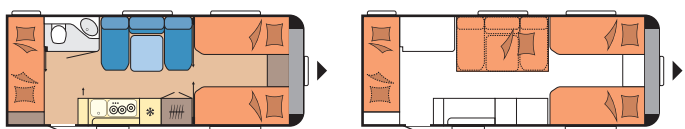

The **MAXIA 595 KML** offers berths for a maximum of 7 people. The multifunctional children's bed area has room for up to three beds. Two bunk beds can quickly and easily be mounted in the rear area. When the lower bed is not being used, it turns into a small seating area with its cushions. A curtain that attaches to the upper bed frame with hook-and-loop tape transforms the playroom into a cosy fort.
